## Amendment to Ofla food aid distribution agreement

Dear Kahsay

This is to confirm that the beneficiaries in Woreda Ofla have informed you that they are not familiar with sorghum diet and they would like the aid to be changed to corn.

RDA Canada agrees with your recommendations to distribute 70Kg of corn for each beneficiary instead of the planned 50Kg of sorghum

Sincerely

Abraham Beyene,  
Executive Director, RDA Canada

I hereby agree to implement the food aid distribution according to above amendment.
